

TAKE MY ADVICE . . .

... CHANGE TO RAYTHEONS

they'll end your troubles

**RAYTHEON
MAKES ALL
TYPES**

When your set misbehaves, when it blurs, distorts, hisses and spits, suspect faulty valves. Worn-out valves may look sound, even light up, but they're not pulling their weight in the set. So see your Raytheon dealer! He'll test your valves free of charge; he'll pick the guilty ones; he'll supply the finest valves in the world for replacement.

Raytheon is New Zealand's biggest selling valve and is used as standard equipment by more set manufacturers than any other. With Raytheons you obtain that perfect precision construction plus accuracy and sensitivity which makes Raytheon the longest lived and most efficient valve in the world.
