

There's something intriguing about the distinctive flavour of J.D.K.Z. Dry Gin. It is smoother, more mellow... there's no other Gin quite like it. Distilled by that famous old firm, John de Kuyper & Son—makers of fine Gin since 1695.

You can't mistake the blue and silver label.

very evening Neddo broadcast an announcement telling the kiddies that if they were good to their parents and ate all their vegetables, they could each have a pigeon if they wanted one. Over 200 wanted birds. Last Thursday a number of cases containing the pigeons arrived addressed to Neddo at 1ZB's studio and he spent almost the whole day giving them away to good children.

Revue

LAST week 4ZB broadcast two successful back-stage relays from the Connors and Paul show at His Majesty's Theatre, the most successful being the relay of the Maypole dance from "Hoity-Toity." During the week several members of the company, including the Four K's, Instrumental Novelty Quartet, Al Wiser, Mike Connors and Sid Beck, were featured in studio presentations.

Circus

FIFTY kiddies from the Nelson Street Community Sunshine School were given a great treat last Saturday afternoon, when Neddo, of 1ZB, had them transported to a circus in motor cars hauled along the streets by two huge elephants belonging to the circus. The circus arranged for all the children to see the show as their guests. Neddo, perched on the top of a bull elephant, led the procession and at intervals broadcast a commentary of the procession through 1ZB. There were numerous clowns and funny men from the circus to entertain the children on their way to the circus.

For Lunch

LIONEL SCEATS has been entrusted with the delicate task of providing the melodic condiments for Dunedin's mid-day meal. Shortly, from 12 noon until 2 p.m. he will entice listeners' appetites with the best digestive rhythms on "record."

It seems as if Lionel will add to his "Early Otago" and "Oamaru Hour" features an equally attractive "4ZB Luncheon Session."

Travel

IT'S surprising how many people are interested in world travel although they might not have the means to get very far from their own home towns," said Teddy Grundy, of 3ZB, in a chat with the "Record" last week. His travel talk sessions have been well liked and he is pleased with the type of question sent in. Most of the inquir-

ers actually answer their own questions and merely ask for confirmation. Here's the sort of thing he is asked: "What is the length and depth of the Panama Canal? Who built the Suez Canal?" Already these travel talks have been going on for three months.

Their "Gracie"

STATION 3ZB has "discovered" for Christchurch a miniature "Gracie Fields" in Miss June Bassett who, obviously, has made a keen study of some

of the big star's most popular vocal tricks. She has been on the air a good deal lately in relays from the Civic Theatre, with Mrs. Warrilow at the Civic organ. The feature has been well liked and the series of bracketed numbers, or "Sunday night cameos," as 3ZB likes to call them, will be in vogue for some time.

Violinist

IN the front rank of musicians in Dunedin is Miss Ethel Wallace, violinist. For many years she was first lead to the Dunedin Orchestral Society, and she occupied a similar position in the city's leading picture theatre orchestra under Mr. de Rose. Quite frequently the quality of her playing with the orchestra singled her out for special applause, and any solo numbers rendered by her invariably "brought down the house." Miss Wallace is now a music teacher, a capable and conscientious instructress. Miss Wallace will be giving a recital from 4YA on Sunday night, and her programme will include several popular operatic numbers.
