

EYESIGHT SPECIALIST'S Remarkable Discovery

NEW SCIENTIFIC METHOD OF STRENGTHENING WEAK VISION WITHOUT GLASSES

Simple Home Treatment Vouched for by Doctors
Who Have Proved its Success by Their
Own Personal Experience

Eyes whose Sight was Failing for Years
Regain Clear Sight—Elderly People
Obtain the Vision of Youth—Short-
Sighted Obtain Normal Range of Vision
—Railwaymen and other Workers Who
Had Lost Their Employment Through
Defective Sight Now Able to Pass Stiff

Eyesight Tests.

No apology is needed for drawing the attention of readers of "Radio Record" to a remarkable new method of eyesight improvement which does not entail the wearing of glasses and which everyone can carry out at trifling cost at home. Originally discovered some years ago by the well-known eyesight specialist, Mr. Graham Bennett, it has been perfected in the light of considerable experience, so that to-day it is not put before the public untested. On the contrary, it has been "tried out" on no fewer than 30,000 cases, drawn from all classes of the community, including Doctors, Lawyers, Clergymen, Schoolmasters and Mistresses, Military Men, and others of the Professional Classes, as well as Railway Workers, Postmen, Sorters, Sempstresses, and other Workers to whom good eyesight is an absolute necessity.

Astounding Results Reported.

So astounding are the results reported that if the evidence voluntarily given by those who have put the method to a thorough trial had been advanced by Mr. Graham Bennett only, one might think he had been carried away by his enthusiasm. But when Doctors and people making official eyesight tests have put the system to the proof, and declare that it has resulted in an extraordinary improvement in vision, then it becomes apparent that here is a method that deserves the careful and thorough consideration of everyone whose eyesight is below standard or in any way defective.

A Discovery of National Importance.

It is impossible in a brief newspaper article to do adequate justice to Mr. Bennett's discovery which may well claim to be of national importance. The treatment is a simple system of strengthening the eyes that everyone can carry out at home, costs very little to adopt, is fully described in an illustrated book written by Mr. Graham Bennett and arrangements have been made for a free copy to be sent to every reader of "Radio Record." Readers are specially invited to take immediate advantage of this valuable eyesight improvement offer, using the accompanying form.

St. Paul's as indistinctly seen by weak-sighted.

St. Paul's as it should be seen, clear and defined.

Post Office, Fordham,
Ely, Cambs.

Dear Sir,

Having followed your course of treatment, I must say I am delighted with the results. My sight is much stronger in all respects, and I can read at a distance of three feet the third reading on your Test Card. Headaches are now a thing of the past, and really I cannot express my delight.

Yours faithfully,
(Signed.) (Mrs.) L. M. BROWN.

method of Eyesight Improvement described in this announcement.

Doctor 70 Years of Age writes:—"I am writing this letter without spectacles, a thing I could not possibly have done two months ago."—Dr. R., of Kent.

The Rev. F.J.M., O.B.E., D.S.O., writes:—"When I commenced your Treatment I had for some time been compelled to use glasses when reading, writing, or typing. I am now able to report that I do not need to use artificial aids to my sight when doing these things; I am able to carry them out with ease and comfort."

A Countess writes:—"My eyes are stronger. The black opaque round thing that troubled me has quite disappeared from my left eye, which is as useful to me now as my right."

Engine-Driver lost his position through failing sight. After a few weeks' Graham Bennett Treatment writes:—"I 'sat' for the Eyesight Test five weeks ago, and I have been waiting for the result before writing you. I am glad to say I have got back on the footplate against this week."—I.W., of Woodhouse.

IF YOU SUFFER FROM :
