ANTISEPTIC STIMULATION

—the Solution of Hair Trouble

FREE TRIAL OFFER

to all Readers who Post Form Below!

No one need remain bald or grey any longer—that is to-day's good news for all whose Hair-growth is not what it should be.

This new discovery has already been tested in a very large number of varied Hair Troubles and Radio Active Stimulation, so far, has triumphantly vindicated the confidence of its discoverer in such widely differing cases as those of young men and women in the thirties, with such troubles as Falling Hair and Commencing Greyness, right up to cases of men and women of 60, 70, 80 and, in one case, 94 years of age, whose scalps had, in many instances, been entirely devoid of hair for years, or whose hair was definitely grey or even white. All these now have good heads of natural-coloured hair. Truly this is a marvellous discovery.

WELL WORTH A TRIAL

In any case, enough has been achieved to make it more than worth anyone's while to try out this remarkable Radio Stimulation for themselves, more especially as arrangements have been made for a commencing free home trial, together with full particulars of how to start Regrowing Hair or to restore Natural Colour to hair which is

grey or white, to be sent Free to all readers who cut out and post the identifying coupon at the foot of this announcement.

So important an offer will undoubtedly be taken advantage of by large numbers of readers, seeing that loss of hair and loss of colour are becoming more and more prevalent and more and more serious as handicaps socially and in business.

IMPORTANCE OF YOUTHFUL APPEARANCE

This is the day of youthful appearance—and nothing ages more than Lack of Hair or Grey-

ing Hair. So the best possible advice is—post the Free Offer Coupon—bear in mind that it costs you nothing, and commits you to nothing, but it will show you how, at very small cost in time or money, you can secure New Hair or Restored Colour, no matter how long your Hair Deficiency has lasted or how many unsuccessful efforts you may have made previously. At the same time, most interesting ample photographic evidence of what Renair Antiseptic Stimulation is doing for others, and what it can certainly do for you, will accompany the Free Home Trial.
