M. WICKENS (503W.),
Branch Secretary.

Members' Loggings.

Eddie has reports away to a number of Aussies on B.C. and to IRE, COCM, GAG, G6DT and W3XAL on S.W.

Collin (1108.) also has reports out to a number of Aussies on B.C. and to TGWR on S.W.

Lloyd, one of our new members, has 20 reports out and has received 21 verifications. He states that reception of Americans is improving.

Mrs. Brighton, of Nightcaps, has been doing quite well lately, and has reported nine Aussies and received four verifications.

Frank, our Winton member, has bought a new set, and has reports out to five Aussies.

Max has been at Otatutu for a fortnight, but veries are still coming in, and he has recently received eight from New Zealand and Aussie stations on B.C. Among his S.W. veries, was one from T12FG. He has reports out to a number of B.C. and S.W. stations.

Reg, of Motumotu, states that reception of Americans is improving. Reports are out to LS11, CX16 and KMOX, while veries, have been received from WJBX (100 w.) and VK3RI.

"The Southlander" has received verifications from KFJI (100 w.), KPMO, KWX (100 w.), XEBG (most distant report), and several Aussies. He has reported some good catches, including VUM, XOBJ, KTBS, KWKH, TGW and LS11 on B.C.

Well, that's all the reports for this month.—C. F. Ludlow (818.).

It is reliably reported that a syndicate is contemplating the erection of a high-power station in Liechtenstein, the small state between the Austrian and Swiss frontiers.

And plenty others—write us.

It's amazing what a new Full-o'-Power Battery will do for your Battery Radio. Your friends will find it hard to believe that such wonderful reception can be enjoyed from any but a set using mains current. Siemens Super Radio Batteries have extra large unit cells with square zincs, giving much higher output than ordinary triple capacity batteries. Use Siemens Full-o'-Power Batteries and get

MUCH GREATER CURRENT OUTPUT

LONGER LIFE—MORE POWER

TROUBLE-FREE OPERATION

Made throughout in England
