Bladder Trouble

—is a Danger at 40

Thousands of men who have come to the "forties" find that certain natural processes of the body are taking very unnatural courses. The chief indication of "change" is only too often found in bladder trouble, which breaks up health and strength. Urinary trouble, in addition to the pain it often causes, the weakness and exhaustion after every effort to relieve the system, results in poisons being set up which inflame the delicate lining of the organs, and such troubles as gravel, stone or cystitis (chronic inflammation of the bladder) result.

Get a box of the world-famous De Witt's Kidney and Bladder Pills. Take two at night, one before meals. In 24 hours you will see results. Continue with this safe, simple treatment and the distressing symptoms, the constant calls of bladder trouble, will disappear. De Witt's Pills are sold by chemists and storekeepers everywhere, price 3/6. There is a larger, more economical size at 6/6 for cases where longer treatment is necessary. Ask for and see you get the genuine
