Screen Grid RCA RADIOLA 46

*Sets new standard of
Convenience, Radio
Enjoyment and most
of all VALUE*

Radiola 46 represents one of the greatest steps forward ever made in Radio history.

Many new features are incorporated in this fine new Radiola. The new Screen Grid Radiotrons used in this set provide greater selectivity, greater sensitivity—a reserve of power which can be unleashed by the touch of a switch. Radiola 46 uses the new Power Radiotron UX-245 which perfectly matches the built-in Dynamic Speaker.

Beautiful walnut and maple veneer console cabinet. You must hear this Radiola to know what these and other features mean to your radio enjoyment.
