WELLINGTON, FRIDAY, MAY 2, 1930.

Price, 3d.

Here's high quality Radio at a price hitherto thought impossible

RCA RADIOLA 33

Complete with Radiotrons and Speaker, £33

RCA RADIOLA 33—A high quality "All-Electric" receiving set for inexpensive AC operation . . . an amazingly fine instrument at a remarkably low price.

Tested materials, expert workmanship, the newest refinements of technical design—all that the public has learned to expect from the associated laboratories of RCA, General Electric and Westinghouse.

Table model of an entirely new design.

"All-Electric" operation from the house lighting circuit. Extreme simplicity of control.

Balanced selectivity and sensitivity never before to be had in a set at this price. Music and the voice from near and far stations reproduced with the fidelity and realism characteristic of the RCA RADIOLA.

A signal achievement in fine radio set design by the acknowledged leaders of the industry.

See and hear Radiola 33 to-day. Ask your RCA RADIOLA Dealer to demonstrate it in your own home—free of charge. The performance of this wonderful set will amaze you.

RCA RADIOLA

MADE BY THE MAKERS OF THE RADIOTRON

... and now the RADIOLA costs no more than an ordinary wireless set.
