"MIGHTY MONARCH OF THE AIR"

### SUPERHETERODYNE RADIO

THIS beautiful Sheraton design Console Receiver is a masterpiece in lovely matched walnut.

It incorporates the All-new 1931 Majestic Superheterodyne Chassis, with "Multi-Mu" Valves and all the startling features given on the right.

A magnificent Mantel Type Receiver with an 8-valve Majestic Super-heterodyne Chassis, Dynamic Speaker, and Static Modifier. A truly amazing performer in an exquisite cabinet. The greatest value ever known in Radio.

Combining a number of marvellous and revolutionary features, the new 1931 Majestic Superheterodyne Receivers are incomparably greater than any radio you have ever heard.

- Amazing "MULTI-MU" Valves
- Entirely New Superheterodyne Circuit
- Wonderful STATIC MODIFIER
- Automatic VOLUME CONTROL
- Famous MAJESTIC DYNAMIC SPEAKER

Sensational as all these 1931 Majestic improvements are, still more sensational are the astounding new values.
