TALK WITH LONDON

SUCCESSFUL ATTEMPT!

"Is that London?"—"Yes, this is London."

These two sentences told thousands of Stewart-Warner Radio owners in New Zealand one morning last week that contact between Wellington and London has been satisfactorily established by means of the new radio-telephone, and that members of the touring New Zealand cricket team in England would be able to speak to their friends on the opposite side of the world.

Nearly every day great epoch-making events, of which the world stands eagerly, tensely, awaiting the results, are taking place. To all corners of the earth the news is flashed. But yesterday it was the successful conversation with our cricketers in London . . . To-morrow it may be the successful non-stop crossing of half the world's circumference by aeroplane or dirigible . . . Next week the stirring announcement of some great medical discovery or invention.

One's senses thrill to the magnetism of the broadcast . . . One feels the atmosphere . . . the tenseness with which the event is surrounded.

All this the new Stewart-Warner Radio, with its amazing selectivity and marvellous supersensitivity, gives you. So accurate and faithful does it bring the broadcast to you that, for the time being, you are miles away, standing, as it were, amidst the glamour and pulsing incidents of the actual scene itself.

Prove these claims in your own home and then buy Stewart-Warner with confidence and pride in your choice.

KNOWN FAVOURABLY THROUGHOUT THE WORLD AND SOLD IN NEW ZEALAND BY A HUNDRED DEALERS.
