10/25 h.p. ROVER

£245 complete for the  
Roadster

£279 complete for the 4-  
Door Steel Panel  
Saloon.

There are more than fifty makes of motor cars on sale in New Zealand, yet, during June, 1932, **one** buyer out of every twelve bought ROVER. Of English cars, outside the "Baby" class, ROVER sold more than 50 per cent. of all the other makes together.

A word to the wise is sufficient. Put your money and your faith into cars made from good English and New Zealand materials, and entirely built in our works at Petone, the newest and most up-to-date in the Dominion.

11/- in every £ of money spent on a ROVER remains in the Dominion.
