SHOO-FLY PLANT

It is said that flies will not stay in a room where it is grown if they can escape. What it is that repulses them is not clear, as the flowers have no odour. It is a beautiful flowering plant, and blooms in a short time from seed. It is a profuse bloomer in pots, both summer and winter, the blossoms being large, cup-shaped, and of a lovely light blue colour, with white centre.

Our principals in Canada inform us that they sold 25,000 packets of "Shoo-fly" plant seeds last year, and as we have the Australasian agency, and stocks are very hard to get, we suggest you send to-day and avoid disappointment. Be ready for summer and the flies.

Price 2/- per packet, and send stamped (id.) addressed envelope. Postal notes or stamps accepted.
