SHOO-FLY PLANT

It is said that flies will not stay in a room where it is grown if they can escape. What it is that repulses them is not clear, as the flowers have no odour. It is a beautiful flowering plant, and blooms in a short time from seed. It is a profuse bloomer in pots,

both summer and winter, the blossoms being large, cup-shaped, and of a lovely light blue colour, with white centre.

Price 2/- a packet (two packets 3/-) and send stamped (1d.) addressed envelope, postal notes or stamps accepted.
