THE preliminary tests from the new station, situated at Bisamberg, just outside Vienna, have proved very successful.

IT is thought that wireless licenses in Australia may be reduced three shillings after March next.

AUSTRIA has 78 licenses to every 1000 of the population. Germany has 72.

A CORRESPONDENT of the "Western Mail" has compiled a wireless vocabulary in Welsh. Among the suggested terms are the following: Gwerchyr (valve), torch annogdorch (coil), synwyseddur (condenser), gorwasg (high tension), bychanwasg (low tension), Wybrell (serial) Wybrell (aerial), tension), cyfanell (set).

ACCORDING to a recent report published by the American Radio Relay League, of the 232 licensed feminine amateur wireless experimenters, 190 dwell in the United States. The total number of amateur stations in the world has now exceeded the 50,000 mark.

DURING the period of the annual International Fair at Budapest, at specified hours of the day, visitors will be allowed to broadcast messages and greetings through the studio microphone. These private communications are to be relayed to the provincial stations.
