YOU PAY NO MORE *but you get 266 new radio tones with* SUPER-PHONIC RADIOTRONS

Always Radiotrons have promised, and delivered, a little more than ordinary valves. Always R.C.A. engineers have sought to make Radiotrons more sensitive and powerful year by year. Now they offer you vastly improved reception—266 new musical tones hitherto “lost in the air”—with exquisite tone and greater amplification. Ask your dealer for Super-Phonic Radiotrons. They cost no more than any ordinary valves.
