

N.Z. RADIO RECORD

Vol. VII., No. 8.

WELLINGTON, FRIDAY, SEPTEMBER 1, 1933.

Price 4d.

(Registered as a newspaper, G.P.O., Wellington.)

NEW!

New Design New Features New Performance

The handsome 6-valve receiver illustrated on right is "Genrad's" latest achievement. With its NEW Design—NEW Features—NEW Performance, this model is far ahead of any preconceived ideas of radio design and construction.

For sheer beauty it is in a class of its own. The contrasting planes of colour—the fluted grille—unique dial illumination—all tend to enhance the fine appearance of this NEW model.

You will be amazed and delighted at its beautifully clear reception, selectivity and tone quality.

Special features include 6 latest-type valves, Improved Superheterodyne Circuit, Dynamic Speaker, Tone Control, Automatic Volume Control, Increased Power and Selectivity. And the price of this modern receiver is only

£15/17/6
