

NATIONAL UNION

PRONG VALVES

*ARE 6 months
ahead of the Others*

National Union Valves are guaranteed to be better than any other radio valves on the market. See that YOUR radio set is equipped with National Unions.

The others will have it some time. NATIONAL UNION has it NOW. With the new 7 prong 59 valve, NATIONAL UNION once again pioneers a major radio improvement. This valve combines all advantages of past types of power valves and has none of their disadvantages. At all volumes it eliminates distortion or hum, and gives clear, undistorted reception.
