GLORIOUS HEALTH - VIGOUR - VITALITY!

AMAZING HEALTH BENEFITS

Claimed for Strange, New Appliance

NO medicine, drugs, electricity or dieting. A European Scientist has developed a new health appliance charged with a potent radio-active compound. This remarkable appliance, which is called a Ray-o-Active Pad, is worn on the back, and is restoring health to suffering humanity in all parts of the world. Over one hundred thousand have been sold in Europe alone.

CONGESTION CAUSES SICKNESS

It is now conceded that most sickness, weakness, pains, lost vigour, ill-health are caused by inflammation and congestion. Once alleviate inflammation, break up congestion and establish active circulation, and the blood will be restored to perfect condition. No germ could then make headway, because the healthy blood corpuscles would cast it off. Pure blood means strong nerves, vigour, vitality and healthy tissues. It depends upon the condition of the human system whether infection or disease are able to wreak their destructive work.

HOW APPLIANCE RESTORES HEALTH

After prolonged experimenting the scientist discovered that although certain radio-active salts possess a highly anti-congestive and stimulating

action, this action can be greatly increased when combined with other anodyne catalytic substances. The compound which he ultimately developed possesses all the health-giving properties of radio-active bodies, and is distributed throughout the Ray-o-Active appliance by his own secret method. When the appliance is worn as directed the radiant heat is distributed throughout the system, allaying inflammation, dispelling congestion and activating blood circulation. The heart, lungs, stomach, kidneys and bladder act in the harmony of health. Active circulation means new, rich red blood which strengthens the vital organs, bringing back Health, VIGOUR, VITALITY, POWER!
