On Saturday April 14, all these records will go on sale — and many more besides. With a new format, in a new location at the above address. Many of them are very rare which means in most cases, there is only one copy of each. If you're interested you'll have to move fast. We have set prices for all our records based on (a) current market value in NZ and overseas, (b) the exorbitant sum we often pay for them, and (c) its scarcity
