Holy Rockman! Batman! I've just heard the news — Frontier Recording has just reopened with 16 tracks. That's right Robin and you'd better be quick to get in 'cause June and July are nearly booked out already. Golly wow Batman — that means our time's arrived, no more chasing crooks, we can do an album — and be like John & Paul, Donny & Marie, Peter & Gordon, George and Andrew. Ow! Batman — I didn't really mean Donny & Marie.
