## MICROPHONES

We have probably the widest range of microphones in NZ, with prices to match. The new Shure range is now available at prices everyone can afford — from \$59 — amazing! And the industry standard, the SM58, is now in the price range of a lot more musicians at only \$399.

We also carry Beyer, Audio Technica, Soundmaster, Audiomaster, Jansen, Voicecraft, Fostex, etc, etc.

## MICROPHONE STANDS

A good range always in stock from as little as \$49.

## GUITAR PICKUPS

The current "top of the line" pickups are of course EMG. We carry the full range of this amazing product, currently being used as standard on such premiere instruments as the STEINBERGER Guitar and Bass range. Now at affordable prices so you can have the best fitted to our favourite instrument.

Also from the EMG stable comes a brand new budget range of guitar and bass pickups called "SELECT". We carry the full range which start at only \$55.

We also have some "SEYMOUR DUNCAN" pickups at very special prices — some up to half price — give us a call.
