

CASIO APPEARING HEAR

The Astounding Casio SK2100!

One-touch sampling, multi-channel memory, and heaps of features to set your band alight.

The Incredible Casio CST2000!

An amazing new dimension in electric organs that will recreate piano, electric and pipe organs, synthesized sounds and a host of other instruments. All the features to play like a full orchestra and stretch your creative boundaries.

The Amazing Casio HT3000!

Professional synthesizing on a modest budget. Unique SD sound source and authentic PCM auto rhythms make the HT a milestone in synthesized sound.

The Scintillating Casio FZ1!

Explore the fantastic capability of our top-of-the-range professional synthesizer and you won't have to change keyboards before you headline under the big top.

If your band is in need of an organ transplant then the new Casio Keyboard range is right for you! A stunning selection of electronic keyboards that will alter your whole perception of keyboard sound from the superbly versatile SK2100, to the state-of-the-art FZ1

If your keyboards are a bit dated give your band new heart by

checking out the Casio range of your local Casio Music Dealer. As an added bonus, everyone who buys a new Casio keyboard before the end of September is automatically eligible to enter in the fabulous "Appearing Hear" competition, with a chance of winning the stunning new Pioneer X880R Midi System, complete with CD, plus other great prizes!

Casiotone

Hear the greatest sound to appear in years.
