"In October 1987 I had the pleasure of making my first visit to New Zealand. My visit coincided with the NZ Music Trade Association show in Auckland. I was able to enjoy discussing music and Marshall products with our NZ distributors, Vicomm Electronics, Marshall dealers and many Kiwi

musicians. Marshall is proud to be firmly established in New Zealand and we look forward to making a substantial long term contribution to both quality and standards." Sincerely,

NEW-The Marshall 25/50 Jubilee Bass series

Announced in the U.K. in August. Talk to your dealer now for delivery early in the New Year. Now Marshall delivers the power and performance to satisfy the most demanding bass players of today. Top quality facilities and famous Marshall reliability. The new range:

3530 — 300 watt head
3560 — 600 watt head

1515 — 1 x 15" 250
watt cabinet

1525 — 2 x 15" 500
watt cabinet

1540 — 4 x 10" 400
watt cabinet

The amplifiers utilise high power MOSFET and BIFET pre-amp circuitry, they also feature special silver front panels. The entire Jubilee Bass range is finished in the unique silver covering with a re-designed Marshall Logo.

The amplifiers are rack mountable but come supplied in a heavy duty sleeve. Special provision has been made for the sleeves to accept rack effects units, the 3530 have a 2 unit space whilst the 3560 has a one unit space.

The Jubilee bass cabinets are more compact than the standard Marshall range and feature the striking silver covering and finishing. All the speakers have been carefully developed to handle the full range of bass frequencies demanded by the bass player of the eighties. Metal speaker grilles have been incorporated to give a thoroughly modern and professional appearance to the new range of cabinets.

Congratulations to 4 lucky winners in our 25th Jubilee Sweepstakes

Drawn in October on the Vicomm Electronics stand at the NZ M.T.A. Show.

- Malcolm Roberts, Te Puke.
- Leon Tioki, Kawerau.
- Newton Groves, New Plymouth.
- Larry Davies, Hastings.

Our winners shared over \$2,500 of prizes. Each won a Marshall 12-W mini amp. (Model 5005)

WARNING! Please protect yourself by purchasing Marshall products only from authorised Marshall dealers.

All around the world there have been cases of non-authorised retailers privately importing Marshall products by purchasing them from other dealers/wholesale sources overseas. This may also apply in New Zealand. For your protection please deal with one of Marshall's authorised NZ dealers listed below. Authorised Marshall dealers offer you:

1. A full Marshall 12 months guarantee on every product. Parts and labour (Valves EL34 and ECC83, 3 months).
2. Access to full range of spare parts, through the NZ distributors.
3. A prompt and efficient backup service should there be any problems or if you want your older amp reconditioned (e.g. Marshall JCP series etc.) This service is provided through Vicomm Electronics technicians in their Auckland workshop.
