

Just Pics

These exclusive pics of D.D. SMASH were taken by photographer KERRY BROWN who did lights on their national tour. Below: DAVE DOBBYN and GRANT KING (roadie) get into JON ZEALANDO'S gear at the Terminus, Timaru. Below left: Barely amused is pedigree (ex Rodent, ex Hulamen) tour saxist, ANDREW CLOUSTON.

With his new single 'Starting Out All Over Again' released, here's a pic of SHANE winning the 1969 Loxene Gold Disc Award ('Saint Paul') and Soloist Award. With Shane are producer PETER DAWKINS and RAY COLUMBUS.

In the ferry scuffle are PAUL STREEKSTRA (sound engineer/record producer), ROGER KING (manager/minder) and DAVE DOBBYN (pop star) who clings gleefully to the 'tato chips.

On Cook Strait ferry SCOTT CALHOUN, trumpet/keyboards on tour, sleeps obliviously to the 'tato chip affair.

CULTURE CLUB model their fab corporate image. BOY GEORGE has buddies in the drape trade.
