Simple Winds Talking Heads Pretenders

On the 3rd of February, Sweetwaters 1984 kicks off to the sound of the greatest line-up of big name bands this country has ever heard in one place at the one time.

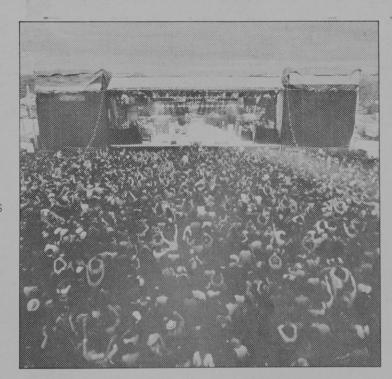

For four days the music will play. And when it is over, those who were there will say it was the best run Sweetwaters

We are making sure it will happen that way.

Sweetwaters is now under new management.

We've seen and understood the problems of the past. And we're taking steps to ensure they don't happen again.

We're changing plenty

From toilets to Security to parking beside your tent, we've cleaned up the act. We want you to arrive, have a great time, hear some fantastic music, not get hassled and get home safe with your possessions intact.
