The literature on primitive maps is limited. Only two monographs have been located by the author, Spink and Moodie's *Eskimo Maps* (1972) cited below, and one in Russian which is not available in New Zealand: B. F. Adler, *Maps of Primitive Peoples* (St Petersburg, 1910) Bulletin of the Imperial Society of Students of Natural History, Anthropology and Ethnography, Tome CXIX, Works of the Geographical Section, Number II.

A more detailed version of this paper is available for consultation on request to the author, Alexander Turnbull Library.
