

"D" BLOCK

Wonderment has been expressed at the baldness of a young, attractive instructor, namely S/Sgt. Iles. The answer is "engineering". You should see him trying to build "pontoons" in the mess some evening.

Another "thin thatched" instructor S/Sgt. Maconie seems to have his troubles. We suggest, Mac, that you let the G.O.C. N.Z. Army do his own worrying.

"A" Block Sergeant's Mess donated some bottles of wine as a prize in a competition for the best kept hut. This generous gesture shows the high public spirit of the Mess. We have no hesitation in denouncing as Fifth Columnists those rats who state that the reason for the gift was that the wine was undrinkable.

Here is the very latest and astounding news overheard in a Sgts. Mess recently - "The Camp Q.M. Store is here to Co-operate not to crush".

- Sez you Mac -
