

CAMP GIVES GOOD SHOW

folks who saw her swim at last years meeting.

Cpl. N. Nairn, Pte. Paddy and Pte. Worley were all versatile, lending excellent support to the team.

In the men's section, titles went to S/Sgt. D. O. Yates, 220 Yds. and 100 Yds. Breastroke.

Sgt. G. Kearney, Diving and Pte. Mcmasters 220 Yds. Freestyle.

The most exciting event of the afternoon was the men's Relay, in which PAPA KURA won narrowly from 9th. Hy. Regt. The Papakura team consisted of Capt. Fulton and Sgts. Griffiths, Kearney and Buchanan.

MORE NEWSPAPER MATERIAL

Instructors are those men who know less and less about more and more until on graduation to Papakura Camp they know nothing about everything. --- After a Course in Papakura they find they know more and more about less and less until WE find they know everything about nothing.

Please understand that the above does NOT refer to Sgt. Major Cunningham.

Outstanding performances were given by Papakura Compeditors at the Annual N.M.D. Championships on Sat. 22nd. Jan. 1944.

Considering the strong wind, times were quite satisfactory especially in the W.A.A.C. Events. Cpl. Nancye Nairn was the recipient of a good deal of praise from her two easily gained wins. She displayed splendid style and judgement in both the 75 yds and 100 yds. This is only the second time she has competed in open company.

Sgt. D. R. Sutherland won both the shot and discus comfortably. He should go a long way in the next two or three seasons.

Sgt. R. G. Boulston won a good race in the 440 hurdles to become district champion. He also has the makings of a good athlete, providing he concentrates on training.

In the relays, Papakura had two seconds and would probably have run much closer in the W.A.A.C. event if they had not run so wide out in the early stages.

We will follow with much interest the future activities of this team.
