

(Our Camp) (Cont):
a pride in their Camp. A high standard of cleanliness has been maintained and this has been reflected in the absence of any serious epidemic and a very low rate of mortality.

SERVICE

One Cpl. Bond (Bootshop) having his Herald delivered to his seat on the 5-55 train each morning.

We regret that this issue contains no libel of Padre Wright. We have not had much chance to observe his activities these last few days. However we promise to do better next issue.

"AMENDMENT"

Ques. State what you know of T.O.B.T?
Ans. Another form of inoculation.

Or. AEWS Centre.

MUSIC CLUB

The other evening the Music Club put on a recital of the music of "The Mikado". Capt. Fulton explained the sequence of the plot as the records were played. As the recital was put on at short notice the attendance was small but those present spent an enjoyable evening.

The material at the disposal of the Music Club, both by visiting instrumentalists and by recorded works covers a wide field. Keep an eye open for Music Club announcements. There are lots of good things coming up!

WET DAY

"What is AEWS going to do about these miserable wet days?" asked Padre Wright. "You are a Welfare Organisation are you not?"

We remind the Padre that there was a time in the early life of the Church when Christians were blamed for wet days, droughts, etc. "Christ Jesus Leonem" Throw the Christians to the lions" was the shout from the mob. In the case of any misunderstanding we have material to keep you interested, happy & contented on the worst of wintry days.
